

## **Positive COVID-19 Test Results Guidelines**

Developed by the Health and Safety Sub-Group of the  
Return to Campus Task Force (9/1/2020)

Faculty, Staff, and/or Students who are or have been in any open building on either or both the Journal Square and/or North Hudson Campus, and have tested positive for COVID 19, shall follow these guidelines:

### **1. One positive case:**

- a. All participants shall be informed that their class will be transitioned into a remote modality and all are **required** to quarantine for a period of 14 days. It is advised that individuals monitor themselves for signs and symptoms of COVID 19 during this period.
- b. After the 14-day quarantine period, individuals without signs or symptoms of COVID 19, may return to campus.
- c. If someone, other than in a classroom, tests positive for COVID 19, then all those with whom the positive person has had close contact exposure of more than 15 minutes and closer than 6 feet, be quarantined for 14 days.
- d. The individual who tested positive is **required** to obtain medical clearance prior to returning to campus. This medical clearance may include a COVID test with negative results.

### **2. Two (2) or more positive cases** in different classes (or departments in the same building):

- a. The affected classes and services shall be transitioned to a remote modality and that all participants are **required** to quarantine for a period of 14 days.
- b. Deep cleaning of the building shall be performed 24 hours after positive result has been reported; method as per CDC guidelines.
- c. Those who tested positive shall not return to campus without medical clearance (which can also include a negative test result).
