& Planning

TABLE 1: HUDSON COUNTY COMMUNITY COLLEGE FALL ENROLLMENT TREND (1992- 2011)

Since its inception in the summer of 1974, Hudson County Community College's (HCCC) enrollment growth has been phenomenal. Based on New Jersey state enrollment data in Fall 2011, it is the sixth largest community college in the state in terms of full-time enrollment, and 10th largest in overall enrollment. The graph on this page charts HCCC's fall enrollment growth over the last 20 years.

From the year 1992 to 2001, student enrollment in the fall semesters grew almost 72%. During the last ten years from Fall 2002 to Fall 2011, the enrollment growth tipped 68%.

With the exception of two brief periods between 1996 to 1998 and 2003 to 2005, enrollment growth has been steady and unrelenting.

Due to the summer hours schedule, the check request submission deadline will be on Tuesdays by 12:30 p.m. This deadline will continue in effect until the second week of August 2012.

The regular check request deadline will resume the week of Aug. 13, 2012.

## GET CONNECT-ED WITH HCCC!

Hudson County Community College has implemented Connect-ED, a text- and voice-messaging system in the event of a crisis or emergency.

Connect-ED is HCCC's response to a federal law which requires disclosure of pertinent information about campus crime and security.

The system will allow the College to send time-sensitive notifications by phone, email and/or text message.

Both HCCC students and employees have been automatically registered in the emergency-alert system and will receive alerts to their HCCC email accounts unless they opt out.

Users are encouraged to access the College's website, [www.hccc.edu/emergency](http://www.hccc.edu/emergency), and click on the Connect-ED link to register additional contact infor-

mation such as home, work, and cell phone numbers.

HCCC will provide this emergency service free of charge to students and employees — there is no charge to sign up. However, mobile service providers may charge a fee for incoming messages depending on an individual's plan.

Personal information entered into the Connect-ED system will be kept confidential.

Thanks to Clifford Brooks for the generous donations of the Jan Balet lithograph *Café de la Belle Etoile*, the Giuseppe Armani *Carmen* sculpture (which can be seen in the Opera Room, A119), and the numerous small frames and stands, and thanks to two anonymous donors for contributions of art books to the Library.

## SAVE THE DATE

On Friday, Sept. 28 at 1:30 p.m., artist Willie Cole will speak to the HCCC community about his art as part of the HCCC Foundation Artist Talk series. **Christopher Hartshorne**, whose work, "Mountain Peak," is on view in the fifth floor Follett Room at 161 Newkirk Street, recently had an exhibition at Fleisher Art Memorial in Philadelphia. The work is a departure from the piece we have — it is more about energy and mark-making — but it is all woodblock printing.

If you like "Lines in Four Directions," the print by **Sol LeWitt** in the North Hudson library, you might enjoy "Lines in Four Directions," in flowers, designed by Sol LeWitt and commissioned when he was installing one of his works in the Philadelphia Museum of Art in 1981. It's taken 30 years to gather the resources to create the garden, and it will be on view for two years outside the Museum, in Fairmount Park.

An exhibition, "Sol LeWitt: Works on Paper (1983-2003)" is completing a run (through Aug. 3) at Waterhouse & Dodd, 104 Greene Street, New York. The exhibition was

He will also be exhibiting his work in the fall show, "Dendrology: The Nature of Trees" at the Noyes Museum of Art in Oceanville, N.J. Closer to home, you can see his art in Dean Wahl's office reception area on the first floor of 2 Enos Place.

Art by **May Stevens** can be seen in an exhibition called "Women's Work" at the National Academy through Aug. 26. The National Academy is located at 1083 Fifth Avenue

(at 89th Street), New York, NY 10128. Please visit the museum website, [www.nationalacademy.org/about-us/visit](http://www.nationalacademy.org/about-us/visit) for admission charge and additional information. Stevens' work, *The Band Played On*, can be seen at the North Hudson library for free.

## COMMUNICATIONS UPDATE: AUGUST 2012

Once again, Hudson County Community College's Communications Department has launched a media campaign — encompassing print, cable, online, transit and billboard advertising in English and Spanish — to promote the College's services.

The department's transit campaign, which debuted in late July, features wraps, posters and cards of varying sizes on local buses. The College's ads on the Hudson Bergen Light Rail feature interior car cards; the ads are visible on station posters and in display cases at select stations. These materials can be seen on routes throughout Hudson County.

Every design displays the College's "Lady Liberty" logo and an assortment of actual HCCC students who participated in one of the department's semiannual photo shoots (*see above and right*).

The College's cable commercial is currently airing in English and Spanish on local cable television programming (Comcast Spotlight, Cablevision of Hudson County, News 12 New Jersey and Verizon FiOS).

### FALL REGISTRATION

Hudson County Community College's Communications Department has launched an aggressive campaign to increase enrollment in the College's fall sessions.

Look for HCCC's fall registration print advertising this month in the following publications: *The Jersey Journal*, *The Hudson Reporter*, *The Courier Times*, *River View Observer*, *Cambio* and *El Especialito*. All of the ads will continue to display the QR code ("quick response code") which users can click on with via their smartphones and gain access to

the College's website page for prospective students.

In addition, a page has been created on the College website ([www.hccc.edu/fall](http://www.hccc.edu/fall)) where prospective students may find out upcoming information sessions (*see related article on this page*), view the College Catalog and Summer/Fall Course Schedule, and even apply online!

HCCC's online advertising (*featured on this page*) will be featured on Google and its partner sites, as well as Facebook.

Prospective students may also be directed to the College's website when they perform a search on Google for certain terms or on display ads related to these terms.

These features are also available at a dedicated Fall 2012 page on the College's Facebook fan page.

## HCCC CULINARY ARTS INSTITUTE REACCREDITED BY ACFEFAC WITH 'EXEMPLARY' DESIGNATION

Hudson County Community College Culinary Arts Institute (HCCC CAI), the area's premier culinary arts education program, was once again awarded accreditation for its culinary certificate, diploma and degree programs by the American Culinary Federation Education Foundation Accrediting Commission (ACFEFAC). The HCCC CAI is the only state school to earn "Exemplary" status designation from ACFEFAC.

"Our Culinary Arts Institute and its programs have long been a source of pride for the College, our students and the

people of our community," said HCCC President Dr. Glen Gabert. "We extend sincere congratulations and thanks to Associate Dean Paul Dillon and our entire CAI faculty and staff. They have set the standard for community college programs, and do so much to ensure the success of our students."

Started 30 years ago, the HCCC Culinary Arts Institute is nationally recognized for its award-winning curriculum, offering a variety of one-semester to one-year certificate programs as well as acclaimed Associate degrees in Culinary Arts and Hospitality Manage-

ment. The CAI recently introduced an Associate degree option in Baking and Pastries in addition to providing several non-credit courses through the Division of Community Education. HCCC CAI faculty take a personalized approach to each student's learning experiences, and kitchen labs are limited to just 16 students per class. CAI students also have the advantage of learning in one of the country's finest and most up-to-date facilities — the 72,000 square-foot Culinary Arts Institute/Conference Center, which includes state-of-the-art kitchens and classrooms, including bakeries, hot-food and cold-food

kitchens and classrooms, a fish-and-butchery room, ice-sculpting studio, mock-hotel hospitality suite, and 4,000 cookbook library.

The ACFEFAC, which is recognized by the Council on Higher Education Accreditation, is the educational arm of the American Culinary Federation, a professional organization for chefs and cooks founded in 1929 that is considered the authority on cooking in America. In accrediting postsecondary programs, the ACFEFAC ensures programs are meeting standards and competencies set for faculty,

## COMING THIS FALL: 'NOODLETOOLS - CITATION HELP AND MORE' WORKSHOP

The Learning Resource Center at the North Hudson Higher Education Center (NHHEC) is scheduling a series of workshops on how to use NoodleTools effectively.

NoodleTools is a citation tool which allows students to cite the sources in their research projects, develop note cards and create outlines of their work.

This workshop will show how to navigate the library's resource NoodleTools. Whether

you are a faculty member or a student, teaching or researching, this tool will show a step-by-step process for creating authoritative citations. Formats for different media such as books, journals, databases and websites will be reviewed, as well as the basic differences and similarities between MLA and APA formats.

Some additional features of NoodleTools — such as

Notecards, NoodleQuest, and Teacher's Resources — will be described. Hands-on use of this resource will be a large component of this workshop. So, take the hassle out of a necessary but usually misunderstood component of the research process.

Workshops will be held at the North Hudson Higher Education Center Library, Third Floor, 4800 Kennedy Boulevard, Union City, NJ

07087 on each of the following dates:

- **Monday, September 10, 2012**, 12 p.m. and 5 p.m.
- **Tuesday, October 9, 2012**, 12 p.m. and 5 p.m.
- **Thursday, November 29, 2012**, 12 p.m. and 5 p.m.

For more information, please contact the NHHEC Library at (201) 360-4721.

## ALL-COLLEGE COUNCIL (ACC) ASSESSMENT REPORT NOW AVAILABLE

The All-College Council (ACC) Assessment report is now available on the Hudson County Community College portal (<https://myhudson.hccc.edu/administration/researchplanning/>).

In May 2012, the Office of Institutional Research & Planning undertook the task of

administering an online survey to identify areas of the ACC functioning that work well and those that may need improvement. The online survey instrument was designed in consultation with the ACC Steering Committee and the Office of Student Life.

The report distills the information gathered from this

College-wide survey. Eighty-one members of the College community, including faculty, staff, and administrators participated in this survey. The excellent participation rate shows an overall receptiveness to this effort and the commitment of the participants to the vitality of our College environment. We hope to build

on this interest, and to develop concrete plans in response to what the College community has informed us.

Suggestions and comments may be directed to Dr. Kris Krishnan, Associate Dean, Office of Institutional Research & Planning, at [kkrishnan@hccc.edu](mailto:kkrishnan@hccc.edu).

## COMING FALL 2012: LIBERAL ARTS—THEATRE ARTS

The A.A. program in Liberal Arts – Theatre Arts Option is designed for students who wish to complete a bachelor's degree or higher in the field of Theatre Arts. By offering a broad-based liberal arts curriculum with core theatre requirements, the option is ideal for students interested in all aspects of Theatre.

The proposed Theatre Arts Option to the Associate of Arts degree program in Liberal Arts is created to prepare students for further study in the field of

entertainment arts. The curriculum intentionally emphasizes a comprehensive base in liberal arts education; the foundation from which the playwright, actor and director derives most if not all of their essential philosophies. Students completing the A.A. Theatre Arts Option will have fulfilled the necessary requirements to transfer to a Bachelor's degree program at a four-year public university in New Jersey.

In addition to acquiring fundamental critical thinking,

problem solving, and effective communication skills, and a background of general knowledge appropriate to a student entering the junior year of college as outlined in HCCC's policy on general education, upon successful completion of this degree option, students will be able to:

- Analyze how the choices made by playwrights, actors, directors, and designers help to express a play's meaning.
- Demonstrate an understanding of the basic

tools necessary to approach and interpret dramatic literature for performance.

- Identify the development and historical movements that have shaped world theatre using exemplary authors and works.
