- I. CALL TO ORDER - FLAG SALUTE**
- II. ROLL CALL**
- III. COMMENTS FROM THE PUBLIC - None**
- IV. CLOSED SESSION – None**
- V. REPORTS**
 - 1. All College Council Chair's Report**

All College Council Chair, Dr. Peter Cronrath, offered the following report.

Good evening, Trustees, Dr. Reber, and the HCCC community.

As we approach the start of the long-awaited 2022-23 football season, I would like to share a quote from Vince Lombardi: "Perfection is not attainable, but if we chase perfection, we can catch excellence." Hudson County Community College has achieved excellence in the past academic year with all that we have accomplished, and we will continue to chase perfection this coming year.

Tomorrow, the All College Council is holding the annual summer retreat to discuss new initiatives, goals, and various changes for the committees. One change will be the implementation of DEI Representatives on each standing committee to expand insight and initiatives started at last week's DEI Summer Retreat. I had the privilege of attending that event and want to congratulate Yeury Pujols, Lilisa Williams, and Jose Lowe for kicking off the year with great energy and a heightened focus on creating change.

Another change is the leadership for a couple of ACC committees: for the Student Affairs Committee, Katherine Morales will take the helm, and Raffi Manjikian and Irma Williams, pending confirmation at the first meeting, will co-chair the Space and Facilities Committee.

As the semester approaches, the committee chairs and membership will continue to break down silos at the college, making a collaborative effort to work together on projects to reduce redundancy. This high-quality collaborative work will again assist in making HCCC a leader in

community colleges' shared governance. One example of this is the compilation of syllabus statements that have been passed by the All College Council into an addendum in which all faculty will easily be able to attach these pages to the end of their syllabi. I believe this document will be mailed to the faculty in the coming weeks.

I look forward to sharing each committee's updated goals at the September Board of Trustees meeting.

Thank you for your time tonight, and enjoy the rest of the summer.

2. President's Report

President Reber offered the following remarks.

Good evening, Trustees and colleagues. It's so nice to see you this evening following our July break from Board committee and full board meetings. I hope you all are having a great summer!

Dr. Cronrath, thank you for your report. We look forward to another productive year for the All College Council in support of the College's Mission.

Trustees, this evening's agenda includes quite a few grant awards. Fundamentally, these grants are bolstering our ability to serve students and the community with distinction, leading to students' goal accomplishment and degree completion. Our College's increasing recognition for excellence locally, statewide, and nationally is directly related to the growth of grants and other external funding. We thank many members of the HCCC Family for writing and submitting an expanding array of grant applications too numerous to discuss this evening.

Last week, the President's Advisory Council on Diversity, Equity and Inclusion offered and participated in a powerful and dynamic two-day retreat. Immediately following the retreat, we learned that Hudson County Community College will again receive *INSIGHT Into Diversity* Magazine's Higher Education Excellence in Diversity, or HEED, award. Last year, HCCC was one of nine community colleges nationally to be recognized by *INSIGHT Into Diversity* as a "Top College for Diversity." This year, we are one of just seven community colleges to be recognized as recipients of the 2022 HEED Award. This is a great point of pride for all in the HCCC Family, as everyone owns this work. Trustees, thank you for your strong support of our DEI initiatives!

At the DEI Retreat, Trustees Bakari Lee and Pamela Gardner were recognized by our Retreat Planning Committee for their strong and unwavering support of DEI as representatives of the Board of Trustees. Thank you so much for your leadership and support, Pam and Bakari!

Trustees, as you are aware, planning for our proposed Tower project has been underway for over six years. We thank Chairman Bill Netchert, members of the Capital Projects Advisory Committee, Dr. Nicholas Chiaravalloti, and so many others for their leadership and support of this project of enormous importance to Hudson County Community College's future. Included on this evening's agenda is a resolution to approve upcoming capital requests for project funding from the State of New Jersey through the Office of the Secretary of Higher Education.

I have invited Vice President Chiaravalloti to share an update on the significant progress of this project that will provide many new opportunities to serve our students and community and deliver on our mission at the next level of excellence.

Nicholas Chiaravalloti offered remarks and presented [HCCC Academic Building-The Tower](#).

Thank you, Chris.

Chairman Netchert and Board members, thank you for this opportunity.

I am excited to provide an update on the Tower project. Let me begin by thanking everyone on our consulting team, especially NK Architects and MAST Construction, for their outstanding work. Ralph Rosenberg has joined us this evening to answer any questions you may have.

I also want to thank all the members of the HCCC community for their input. I think this final plan reflects that collaboration, and, once completed, will serve our students, faculty and staff for decades to come.

As many of you know, the Tower is the culmination of Hudson County Community College's Facilities Master Plan. The vision established by the Board of Trustees is a central, vertical, technologically advanced urban campus.

The new 11 story, 148,000 square-foot structure will conclude a broader goal of consolidation that allows the College to have a new, large, and central campus facility that will replace the small, segregated and aging buildings currently in use.

In particular, the aerial view gives a sneak peek of our wayfinding project, which is underway. Although we do not have a final design, we plan to improve our building signage throughout our campuses. We want to ensure that our students and the surrounding community know where to find us.

The core programs included in the Tower have not changed:

- New and expanded spaces for student services;
- Centralized offices for Continuing Education and Workforce Development (CEWD);
- Full-size NCAA gymnasium and fitness center;
- Twenty-four (24) new state-of-the-art classrooms;
- New Continuing Education and Workforce Development health lab and exercise science lab;
- Black Box Theatre; and,
- Administrative offices.

Each level has undergone significant tweaking since our last presentation based on feedback and space limitations.

The front entrance will be a welcoming two-story lobby area. We hope this creates the wow factor for our community as well as visitors.

The ground level includes One Stop Services; Enrollment and Bursar Offices; Veterans Services; and Early College offices. We have also added multiple computer stations for students to fill out necessary enrollment materials. We also have created an outdoor student plaza that will be accessible to the HCCC community.

The vision is to incorporate the ground floor of 2 Enos into the Tower, and relocate the Testing Center, our bookstore, and some food services into this retail space. This retail space will allow HCCC to begin converting Enos Street into a vibrant urban corridor.

The second level leads directly to a student lounge area after taking the stairwell or elevators. This level also includes a full-size NCAA gymnasium and locker rooms, some offices, and storage areas. Most of the current work on this floor is unseen and focused on AV/IT details. We include

ATTACHMENT A
ITEM VI - Minutes of August 9, 2022 Meeting
Page | 4

the technology that allows this gym to also function as a large multipurpose space by placing a lot of conduits and LED screens.

The third level includes a new fitness lab and wellness center with exercise equipment, offices, a classroom, as well as a running track.

I would also point out that each floor incorporates an “all gender” restroom and each classroom in the Tower will have ITV capabilities.

The fourth level is home to Hudson Scholars and our EOF Offices, a Black Box Theatre, another common space, the Learning Lab, and access to a roof terrace. This level is envisioned as another livable space that we’ll be able to use for multiple activities. The rooftop terrace will be accessible to our students. Similar to steps taken at our North Hudson Campus and Gabert Library, we continue to seek opportunities to create outdoor community space.

The fifth level hosts Financial Aid and classrooms.

The sixth level includes Academic Advisement and Counseling, classrooms, and faculty offices. I want to thank those faculty members who took the time to provide critical input into the design of this space. I am really proud of the final result and cannot wait to see how it functions.

The seventh level houses Transfer Center and Career Services, the University Center, and more classrooms. I want to point out that in order to improve the efficiency of space while maintaining some confidentiality, you will notice “hotel” offices. These are simply spaces not assigned to any specific individual but rather to be used when privacy is required.

The eighth level has Continuing Education and Workforce Development Offices, the CEWD Health Lab, and general classrooms.

The ninth level has Human Resources and additional classrooms.

The tenth level includes Institutional Research, Advancement, Communications and Grants, and the Finance Offices.

Next, the eleventh level is where we find the Academic Affairs Office and President’s Office, as well as the Board Room with a terrace. It is envisioned that this terrace will be open only for certain events.

Finally, the rooftop is where we find mechanicals and our new server room.

When completed, the new mid-rise tower will be the core central building for the College’s Journal Square campus. The building will be designed and constructed to meet LEED Silver certification as a minimum standard.

A few additional but important points:

First, the current budget for the project is \$91.1 million. We have identified roughly \$56 million of funding and are working with the County, as well as seeking additional state, federal, and private funding to finance the last \$35 million needed to pay for the project. I am hopeful we will have this \$35 million question answered this fall.

Second, final drawings and bid documents are due in September. We are on schedule to ask the Board of Trustees to authorize the advertisement for general construction bids at its September 13, 2022 meeting. We hope to begin construction in Spring/Summer 2023.

ATTACHMENT A
ITEM VI - Minutes of August 9, 2022 Meeting
Page | 5

I know I often refer to this project as complicated, and it is. But I will tell you that I do see the light at the end of this tunnel.

I also want to make sure it is clear that we need this building. This is not a vanity project. Similar to Culinary, STEM, our North Hudson Campus, the Library, and the Student Center, we are only undertaking this project because it permits us the opportunity to better serve our students. It provides better learning and teaching spaces, centralizes our student services, and continues the progress that Hudson has made since its founding in 1974 in a few borrowed offices.

Thank you for the opportunity to speak.

President Reber resumed his remarks.

Thanks so much, Nicholas, Chairman Netchert, and all involved in bringing our long-anticipated Tower project to fruition.

Trustees, this concludes my report.

Nicholas and I would be happy to entertain any questions or comments you might have.

Chairman Netchert offered the following remarks.

Very good report, Nicholas. Ralph, great job, as always. It's a dream.

At some point, we will need to do a presentation like this for the County Executive and Finance department if they're willing to give us 15 or 20 minutes, so they can see what we're asking them to do. It is special if you lived and grew up here when no one knew what Hudson County Community College was. Now, we are proud of what we will make of it.

We hope to get positive results from Trenton on some of our asks. Then lean on our Board members who have relationships with our legislators and apply pressure. Every dollar we receive from somewhere else is a dollar less the taxpayers or HCCC will eventually have to be responsible for if and when we borrow the money from the county. We will try our best to fill in some of those voids by getting grants, low-interest loans, anchor tenant projects, or in any other possible way.

Trustee Gardner offered the following remarks.

I will tell you, I'm awfully excited. The community will be excited.

I'm looking forward to it, and it's just an excellent idea for Hudson County, our school, and the community. Thanks for the hard work. However, we have a lot of hard work to do, and it will be done.
