BIDDER

Bidder shall be to the lowest responsive and responsible bidder.

CONTRACTOR

The lowest responsive and responsible Bidder(s) for each contract as determined by the College/Owner.

SCOPE

It is the intention that the Specifications for the Project provide an overall scope of the services to be provided on a time and materials basis for Electrical repairs and installations for a period of up to two (2) years and may be extended annually thereafter as may be permitted by law. In the event a two (2) year contract is awarded, it is subject to cancelation by the College after the first year. All work incidental to providing the annual services or any work necessary to complete the Contract shall be included in the bid. This is a time and material contract. The estimated number of hours and material costs are estimates. The contract amount shall be based on the actual number of hours worked and materials used as requested by the College, which amount may be zero (0).

PREPARATION OF THE BID

The “complete” Bid Form includes the Bid Proposal Form, Bid Security, Bidder’s Checklist, Ownership Disclosure Certification, Non-Collusion Affidavit, Disclosure of Investment Activity in Iran form and any other documents noted in these Instructions to Bidders to be submitted with this Bid.

Bid prices must be filled in, in ink, in both words and figures for the contract or work for which the bid is made.

Insert applicable unit prices, if any have been specified, applicable to the Bidder’s work. Where unit prices have already been established by the contract documents, the Bidder agrees that such unit prices shall prevail. All unit prices, whether filled in by the Bidder or established by the contract documents, shall become part of the Contract. No award will be made, unless applicable unit prices, as required, are filled in.

Conditional bids will not be accepted. Bids may be withdrawn prior to the advertised time for the opening of bids or authorized postponement thereof. Bids received after the advertised time will not be considered. Bidders shall be solely responsible for premature opening or late delivery of

All bids are to be written in by typewriter or ink in a legible manner on the Bid Proposal Form. Any bid price showing any erasure alteration must be initialed by the contractor in ink. Failure to initial any erasure alteration will be cause to disqualify the bid.

The Bid Proposal Form must be duly signed by the authorized representative of the company. The College requires all documents to be signed with original signatures. The College will not accept facsimile, electronic or rubber-stamped signatures.

The Hudson County Community College will not consider any bid on which there is any alteration or departure from the bid specifications. Contractors are not to make any changes to the Bid Proposal Form. If contractors do make changes to the bid proposal form it may be cause to disqualify that particular quotation. The College will not accept more than one bid per item.

If there are any forms either missing or illegible, it is the responsibility of the respondent to contact the School Business Administrator/College Secretary for duplicate copies of the forms. Every contract for or on behalf of the State or any county or municipality or other political subdivision of the State, or any agency of or authority created by any of the foregoing, for the construction, alteration or repair of any building or public work or for the acquisition of materials, equipment, supplies or services shall contain provisions by which the contractor agrees that:

No provision in this section shall be construed to prevent a College of education from designating that a contract, subcontract or other means of procurement of goods, services, equipment or construction shall be awarded to a small business enterprise, minority business enterprise or a women's business enterprise pursuant to P.L. 1985, c. 490 (C. 18A:18A-51 et. seq.).

CONDITIONS OF THE WORK

Bidders shall submit bids subject to, and in accordance with, all the conditions stated herein, required by the Specifications and actual conditions. Bidders shall carefully

examine the site and Specifications and fully inform themselves as to the existing conditions, and to the relationship(s) between their work and the work of others in connection with the Project including both labor and materials even though not especially shown or noted, but that are necessary to obtain a complete and finished condition.

Any Bidder wishing to examine the site should contact Jeff Roberson Jr. at (201) 360-4054.

BRAND NAME OR EQUAL

When the Specifications, Forms, and other Contract Documents use “brand name or equivalent”, “basis of design” or similar language, the listed brand name shall serve as a reference or point of comparison for the functional or operational characteristic desired for the goods or services being requested. Where a bidder attempts to submit an equivalent product for a brand name, it shall be the responsibility of the bidder to fully describe and document the product to be provided with the bid in order to establish the equivalence claim.

- A.** If the Bidder proposes to offer substitute goods as an equal to those specified herein, the bidder shall so indicate with the Bid Proposal. For the purposes of this paragraph, a proposed item shall be considered equal to goods specified herein if:
1. The College, in its sole discretion, determines that: (i) the goods conform substantially, even with deviations, to the brand name goods specified herein; (ii) the goods are equal to or greater than the brand name goods specified herein in terms of quality, durability, functionality, appearance, strength and design; (iii) the goods are capable, at least as well as the brand name goods specified herein, of performing with existing equipment; and (iv) the goods do not cost the College more than the brand name goods specified herein costs the College.
- B.** To offer substitute goods as an equal to those specified herein, it is necessary that:
1. The Bidder submits sufficient information with its bid to permit the College to determine that the goods are equivalent to the brand name goods specified herein, including, but not necessarily limited to the brand, catalog number and specifications/data sheets;
 2. The Bidder fully identifies and describes the variations of the goods from the brand name goods specified herein on a separate sheet that is to be submitted with the bid proposal. Bidder’s literature **WILL NOT** suffice in explaining exceptions to these specifications;
 3. The Bidder certifies that the goods (i) are similar in substance to the brand name goods specified, and (ii) are suited to the same use as the item specified;

- C. The College shall be allowed a reasonable time within which to evaluate the Bidder's proposal to offer substitute goods as an equal to those specified herein. The College shall be the sole judge of acceptability. No "or-equal" goods shall be ordered, delivered, assembled, set-up or utilized until the College's evaluation is complete. The College's determination as to equivalency shall be deemed final and absolute.

In the event the Bidder fails to identify and equivalent items, or does not provide sufficient supporting documentation regarding an equivalent product with the bid, it will be presumed and required that the brand name or basis of design goods and services as described in the specifications will be provided.

QUALITY, SAFETY AND PERFORMANCE STANDARDS

All goods and services must be constructed and provided with the highest quality materials and workmanship. It is the intent of these specifications that only equipment equal to, or exceeding, the standard specified will be acceptable in order to protect the safety of the students of the School District.

ADDENDA, INTERPRETATIONS, AND EQUIVALENCY DETERMINATIONS

Should any error, omissions, inconsistencies or obscure wording appear or occur in the Specifications, or should there be any discrepancies between any of the Contract Documents, the Bidder shall, before submitting its bid, apply to the College in writing for an interpretation and determination of the intent of the Specifications and equivalency, if applicable. Requests for such interpretations, to be given consideration, must be received **at least ten (10) business days** prior to the date fixed for the opening of bids (Saturday, Sunday, and Holidays excluded). Failure to request an interpretation shall serve as an acknowledgement by the Bidder that the specifications are complete and contain no discrepancies.

Interpretations and any supplemental instructions will be in the form of written Addenda to the Specifications, which if issued, will be mailed by certified or registered mail with return receipt requested, or sent by facsimile to all bidders of record, **not later than seven (7) business days** prior to the date fixed for the opening of bids (Saturdays, Sundays and holidays excluded). Each Bidder shall ascertain, prior to submitting its bid that it received all Addenda issued and it shall acknowledge their receipt in its bid. Failure of any Bidder to receive any Addenda or interpretation shall not relieve the Bidder from any obligation under its bid as submitted. In addition, a failure on the part of any Bidder to acknowledge receipt of said Addenda may result in disqualification of the entire bid submission. Addenda so issued, shall become part of the Contract Documents.

The price bid for the work of any Contract shall NOT be based in any manner upon oral opinions, or real or alleged instructions of an oral nature, regardless of whether such opinions or instructions are expressed by the Borough or agents or representatives of any of them.

FORM OF CONTRACT

Contracts will be let on the College's Form of Agreement between College and Contractor, including supplementary terms and conditions, if any, which will incorporate all terms and conditions of these bid specifications and all legal requirements applicable to the College and the work performed by the successful bidder.

The Contract will be subject to all statutory provisions on the matter of Public Works, Public Contracts and Prevailing Rates of Wages under the laws of New Jersey.

The Agreements shall be executed by both parties not later than twenty-one (21) days from the date of the award by the College (Sundays and holidays excluded); however, such time frame may be extended by agreement of the parties.

PROGRESS PAYMENTS

Monthly progress payments will be made based on the value of labor and materials incorporated in the Work and of materials suitably stored at the site. An itemized schedule of value shall be submitted with each Application for Payment. Payments for undisputed portions of the Application for Payment shall be made in the following payment cycle following the College's approval of the Application of Payment, or portion thereof. Refer to the Form of Agreement for payment provisions.

All Applications for Payment shall be accompanied by paid invoices for materials incorporated in the Work and for materials suitably stored at the site, affidavit(s) by Subcontractors whose work was included in the next to the last application to the effect such work and such materials have been paid for, Monthly Project Workforce Reports, and copies of Certified Payroll Reports.

COMMENCEMENT OF WORK, DELAYS AND EXTENSIONS OF TIME

Time is of the essence of the Contract and Work. Once called upon to perform Work, the Contractor shall start the requested Work promptly and shall continue to perform the Work so as to permit delivery of the completed Work within the allocated time.

Refer to the Standard Form of Agreement between the College and Contractor for terms and conditions pertaining to liquidated damages and reimbursement of any wages paid by the College for inspector(s) due to failure to complete the Project within the Contract Time.

Bidder/Contractor understands, acknowledges and agrees that claims, disputes or other matters in question may arise prior to, during and after the bid opening as there may be challenges to the Project Specifications, the proposal of a bidder and/or the award of a contract. Bidder/Contractor further understands and acknowledges that adverse weather conditions and acts and/or omissions of other contractors on the Project may impact the successful bidder's ability to meet the Project milestone dates as set forth in the Project Specifications.

Should any of these events result in a delay in the commencement or progress of any Project Work, the College shall not be liable to any Contractor or Subcontractor for any damages other than an extension of time for performance under the contract. This Section shall not apply to delays in the Contractor's performance resulting from the College's negligence, bad faith, active interference, tortious conduct, or other reasons un-contemplated by the parties pursuant to N.J.S.A. 18A:18A-41.

INDEMNIFICATION

The Contractor shall indemnify, defend, and hold harmless, the College and the Owner/College from and against, any and all claims, demands, lawsuits, damages, costs and expenses of any type whatsoever, including reasonable attorneys' fees, arising out of, or in any way related to, (1) a breach of the Contractor's Contract with the College, (2) any personal injury or property damage that may arise out of, or result from the Contractor's or its subcontractor's acts or omissions in performing the Work, (3) the Contractor's or its subcontractor's performance of the Work, the Contractor's or its subcontractor's negligent acts and/or omissions, or (4) the Contractor's or its subcontractor's failure to comply with any law, statute, regulation, ordinance, code or rule.

COMPLIANCE WITH THE PUBLIC WORKS CONTRACTOR REGISTRATION ACT (N.J.S.A. 34:11-56.48 et seq.)

Pursuant to the above-referenced law, Bidders are required to be registered with the New Jersey Department of Labor and to possess a current certificate by said Department indicating compliance with the Act prior to the time and date that bids are received. Bidders are notified of this requirement of their compliance. Such certificates or applications shall also be provided for each Subcontractor furnishing plumbing and gas fitting, and all kindred work, heating and ventilating systems and equipment, electrical work, or structural steel and ornamental iron work.

OBLIGATION OF BIDDER

At the time of the opening of bids, each Bidder will be presumed to have inspected the site(s) and to have read, and to be thoroughly familiar with the Contract Documents. The failure or neglect of any Bidder to receive or examine any form, instrument, or document, or to inspect the site, shall in no way relieve any Bidder from any obligation in respect to its bid. Bidders should contact Mr. Marvin Smith, Director of Contracts and Procurement, at [INSERT NUMBER] to arrange for site visits, if desired.

Prior to the Bid Opening, the Bidder shall examine the contents of the Bid Specifications and assure itself that all pages of the Specifications and other Contract Documents are included in the documents obtained for bidding purposes and contain no ambiguities or conflicting provisions. Should the Specifications or other Contract Documents be incomplete or contain any ambiguities or conflicting provisions, the Bidder shall notify the Owner in writing, who will supply the Bidder with any missing pages of Specifications or other Contract Documents and resolve any ambiguities or conflicts. The lack of such written notification by the Bidder will be construed as evidence that the Specifications and other Contract Documents are full and complete, and as a waiver of any subsequent claim to the contrary.
