
PRACTICUM IN ADDICTION COUNSELING

HUS 251 Practicum in Addiction Counseling

4.0 UNITS

Students are placed in an agency that focuses on addictions issues in order to apply their coursework in the field. This course integrates knowledge and theory gained from the classroom throughout the human services and addictions sequence as it is applied to the field experience. Students use evidence based practices. The requirements are fulfilled on the basis of working 135 hours of work at a site placement and attending a weekly seminar class to discuss their experiences.
