

Using remote.hccc.edu

1. Open **Google Chrome** and go to **remote.hccc.edu**.

2. Log in using your **HCCC credentials**.

3. Click on Windows 11 General

A screenshot of the Citrix StoreFront interface showing the "Desktops" section. The title "Desktops" is at the top, followed by "All (4)". Below are four desktop icons: "General Desktop", "Windows 11 Fusion", "Windows 11 General", and "Windows 11 STEM". Each icon is a monitor on a stand with a downward arrow below it.

4. Your remote desktop will open in a new window—use it just like a computer on campus.
