DESCRIPTION OF ACADEMIC PROGRAM

HCCC's Associate in Arts General degree program prepares students for transfer to a four-year college after completing two years of undergraduate coursework at HCCC. Graduating students may advance to many different majors, for instance, in the social sciences, humanities, business or education. The Liberal Arts program allows many options when choosing courses.

* Senior year: students will take three courses each term in-person (remote/online is not an option)

^a Students who use the A.P. Literature Exam to satisfy their ENG-102 requirement must take an additional Literature Elective course, to satisfy BHS English requirements.
